

Modules Related to the Tropics

(as of WS 2012 and SS 2013)

Module code	Module title	Professor	Block
4901-420	Poverty and Development Strategies	Zeller	1
3802-410	Ecology and Agroecosystems	Sauerborn	2
3801-420	Crop Production Systems	Cadisch	4
4403-580	Water and Soil Management in Agricultural Production	Müller, J.	3
4801-450	Livestock Production Systems and Development	Valle Zárate	5
4201-410	Agricultural and Food Policy	Grethe	8
3802-420	Biodiversity, Plant and Animal Genetic Resources	Sauerborn	8
3803-430	Ecophysiology of Crops in the Tropics and Subtropics	Asch	10
3301-470	Fertilisation and Applied Soil Chemistry in the Tropics and Subtropics	Müller, T.	e-learning
4902-430	Food and Nutrition Security	Brockmeier	10
4602-450	Food Safety and Drinking water Quality related to Zoonoses in the Tropics and Subtropics	Hölzle	10
3801-430	Integrated Agricultural Production Systems	Cadisch	7
3803-470	Interdisciplinary Practical Science Training	Asch	6
4903-460	Methods in Interdisciplinary Collaboration	Birner	unblocked
4801-480	Organic Livestock Farming and Products	Valle Zárate	unblocked
4903-500	Policy Processes in Agricultural and Natural Resource Management	Birner	9
4403-550	Postharvest Technology of Food and Bio-based Products	Müller, J.	8
4403-470	Renewable Energy for Rural Areas	Müller, J.	9
4801-420	Promotion of Livestock in Tropical Environments	Valle Zárate	9
4903-470	Qualitative Research Methods in Rural Development Studies	Birner	10
4802-450	Quantitative Methods in animal Nutrition and Vegetation Sciences	Dickhöfer	8
4901-430	Rural Development Policy and Institutions	Zeller	7
4903-510	Agriculture and Food Security in Crisis-Affected Regions	Birner	5
4802-460	Aquaculture Systems in Tropical and Temperate Zones	Focken	4
3803-450	Crop Production Affecting the Hydrological Cycle	Asch	4
4303-490	Ethics of Food and Nutrition Security	Bellows	unblocked
3301-460	Exercises in Plant Nutrition	Müller T.	after 5
4904-450	Farm and Project Evaluation	Berger	2
3301-470	Fertilisation and Applied Soil Chemistry in the Tropics and Subtropics	Müller, T.	e-learning
4801-410	Genetic Resources and animal husbandry Systems in the Tropics and Subtropics	Valle Zárate	7
4902-420	International Food and Agricultural Trade	Brockmeier	3
4801-430	Livestock Breeding Programs – Planning Procedures and International Case Studies	Valle Zárate	3
3405-410	Organic Farming in the Tropics and Subtropics	Zikeli	5
4802-440	Physiological and Ecological Aspects of Livestock Nutrition in the Tropics and Subtropics	Dickhöfer	2
3501-440	Plant Breeding and Seed Science in the Tropics and Subtropics	Melchinger	4
3402-420	Quantitative Methods in Biosciences	Piepho	unblocked
4901-470	Quantitative Methods in Economics	Zeller	3
3502-810	Quantitative Methods in Plant and Livestock Genomics	Schmid	unblocked
4301-430	Rural Communication and Extension	Hoffmann	1
3803-440	Signalling in Plants under Stress	Asch	2
4903-490	Social Dimension of Agricultural Development	Birner	4
4903-480	Governance, Institutions and Organisational Development	Birner	unblocked
3101-410	Tropical Soils and Land Evaluation	Stahr	1
4904-460	Farm System Modelling	Berger	1

Additional Lectures/Modules Related to Developing Countries in the Tropics and Subtropics

Module code	Module title	Professor
1504-420	Technologie pflanzlicher Lebensmittel	Carle
4303-450	Global Nutrition	Bellows

The above list of lectures and modules is regularly updated. If you have passed a module explicitly related to the tropics and not mentioned above, we will deal with this on an individual basis.
