

# **Sustainable Development in Agriculture**

***Think European!***

**Agris Mundus**

**European Master of Sciences**

***7 scholarships offered to European students***

The Agris Mundus Consortium is pleased to announce that the application process for Erasmus Mundus Scholarships for students currently studying in Europe is running.

The scholarship will cover the University fees and a mobility grant 500 Euros per month.

Possible training tracks are :

1. Water management : operation and design;
2. Water management in rural development;
3. Water management in horticulture;
4. Safe production in horticulture;
5. Livestock systems management;
6. Agricultural development;
7. Food chains and development;
8. Rural local development;
9. Agricultural systems for local development;
10. Food security and rural development

You are expected to do your first year in one University and the second year in a different university. Double diploma is foreseen.

Students can already apply online for 2010-2012 by visiting:

<http://www.agrismundus.eu>

The deadline for this application is: *May 15, 2010.*
